## VACANCY INFORMATION

A model for primary care multi-disciplinary teams (MDTs) has been developed and is well established in GP Practices across the Causeway GP Federation area.

We anticipate that the next scheduled phase of MDT rollout, taking place within East Antrim GP Federation area, may impact upon the current Senior Mental Health Practitioner workforce in Causeway, therefore generating opportunities within this Federation area.

In anticipation of this, we are seeking to compile a waiting list for Senior Mental Health Practitioners for Causeway GP Federation. This waiting list will be valid for **12 months**.

## INTRODUCTION

To provide the best possible healthcare for the people we serve, it is essential that GP Federations attract and retain staff who are appropriately qualified, professional in the service they deliver, happy and productive in their work and committed to lifelong learning and developing in their role.

This information pack is designed to provide you with a brief overview of the role of GP Federations, the terms and conditions of employment within GP Federations and information which should assist you in the completion of your application form.

Thank you for your interest in applying for a position within GP Federations and we look forward to receiving your application.

Should you wish to find out more about the Federation and its work, please visit our website [www.northernfsu.co.uk](http://www.northernfsu.co.uk) for more information.

## NORTHERN IRELAND GP FEDERATIONS

GP Federations were established in Northern Ireland with two main aims:

- To support and protect GP Practices
- To help deliver the transformation agenda in Health and Social Care

GP Federations aim to provide better care, delivered in a more responsive way and closer to home, for patients registered on the lists of practices within the Federation. The focus is on working across the local health and social care community, in collaboration with a wide number of agencies, to design and implement innovative healthcare strategies and ways of delivering high quality care.

Across Northern Ireland, there are 17 GP Federations which have been established by GPs to support General Practice and facilitate the transformation of health and social care in a Primary Care setting. Each Federation has been established as a Not-For-Profit Community Interest Company and any financial surplus generated through efficiency is re-invested in front-line services.

Each Federation covers a patient population of approximately 100,000 patients and, because of scale, provides services which would not otherwise be delivered at individual Practice level.

### The Federations

The Federations exist in the following locations:

- **NORTHERN Area (4):**  
Causeway / Antrim Ballymena / East Antrim / Mid Ulster
- **EASTERN Area (8):**  
North Belfast / South Belfast / East Belfast / West Belfast / Ards / North Down / Down / Lisburn
- **SOUTHERN Area (3):**  
Newry & District / Craigavon / Armagh & Dungannon
- **WESTERN Area (2):**  
Derry / South West

## **The Federation Support Unit (FSU)**

Each area has established and incorporated an FSU. All 17 Federations are supported by 1 of 4 FSUs. Each FSU has been designed to provide Federation members with support, advice and expertise in the design and delivery of service provision. FSU functions include central management expertise, planning, accounting, communication, corporate governance and human resources. In some instances, these services will be outsourced.

The core purpose of the FSU is to ensure that clinicians are free to focus on ensuring they provide the best clinical outcomes for their patients while improving the quality-of-care patients receive.

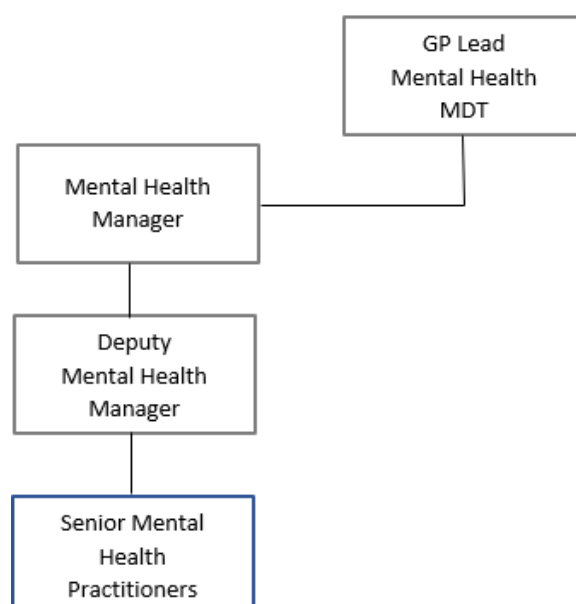

## **Direct Service Provision**

As Federations grow, develop and mature, they are increasingly recognised as an efficient and effective model for staff employment and service provision as part of the transformation of services in primary care and the community. A range of exciting services have already been introduced for example, General Practice Pharmacy, Advanced Nurse Practitioners, GP locum pool, Social Prescribing, Practice Based Learning (PBL) events and the shared management of a new and enhanced multi-disciplinary team (MDT) in Primary Care MDTs includes practice-based staff, district nurses, health visitors', social workers, physiotherapists and senior mental health practitioner.

## ORGANISATIONAL CHART

## Job Summary

The post holder is responsible for ensuring the delivery of safe and effective care to the whole practice population. S/he will be highly specialist resource providing clinical expertise in care, advice and support within General Practice. S/he will lead and/or work within the multi-disciplinary team in order to ensure a seamless, coordinated approach to person-centred care, across the clinical pathway, and provide timely onward referral to other professionals and agencies as appropriate.

Clinically the focus of the role is the delivery of evidence-based practice for patients/families, providing an initial assessment to patients of any age, presenting with undifferentiated undiagnosed mental health problems providing initial management including brief interventions or prescribing, where appropriate, and reviewing patients at the request of the GP S/he will work collaboratively with the whole general practice team to lead and/or participate in the provision of expert advice in developing, implementing and monitoring policies, procedures and protocols which meet national, regional and local requirements.

The fundamental role for mental health care practitioner within a GP Practice is to ensure that individual needs are met in a timely, appropriate and accessible manner. GPs estimate that mental ill-health accounts for a significant percentage of their daily workload in general practice, either as the sole problem or a major part of the presenting problem. GPs also indicate that patients who present with mental health problems tend to consult more frequently and have longer consultations than those without mental illness and therefore place a high workload demand on general practice.

The role and function of the Senior Mental Health Practitioner is to work as a core member of the new MDTs alongside the GP in his/ her practice providing a first contact mental health service to patients across the lifespan who present in General Practice with a mental health issue.

The Senior Mental Health Practitioner will undertake consultations with patients registered with the practice presenting with a range of needs and based on a standardised assessment pathway will provide an initial formulation of need, provide clinical advice, watchful waiting, prescribe if appropriate, provide initial short-term treatment and/or signpost to other services. The postholders will work primarily with people who are not eligible for or availing of other services from the Health and Social Care Trust, either primary or secondary care services. It is envisaged that while the Senior Mental Health Practitioner may assess patients with the full range of mental health issues, they will only provide short term interventions with patients at step one or with patients on the perimeter of step two. The Senior Mental Health Practitioner will have a critical role in signposting and / or referring patients and will have a critical interface role with Trust primary mental health care teams, primary care mental health and wellbeing hubs, recovery colleges, and the community mental health teams for older people. . The Senior Mental Health Practitioner will refer patients with higher level complex mental health conditions directly to more appropriate Health and Social Care Trust services.

The Senior Mental Health Practitioner will have specific areas of specialist or expert practice and will mentor and develop other members of staff and contribute to the training and professional development agenda according to their particular area of expertise.

The post holder will also know and understand Health and Social Care Trust services and will provide advice and guidance to other multi-disciplinary team members on Trust pathways and Trust thresholds for intervention. The post holder will be expected to provide cover for colleagues within the Primary Care MDT and deputise for the Deputy Mental Health Manager as required and may occasionally involve evening work.

## MAIN RESPONSIBILITIES

The post holder will:

- Deliver first contact care to both pre-booked and patients presenting with undifferentiated, undiagnosed mental health problems in General Practice

- Support service users to identify, shape and manage their own health and well-being needs using recognised recovery models
- Lead on the establishment of procedures to support the physical health monitoring of services users, in accordance with NICE Guidelines
- Monitor, and where appropriate, carry out physical health monitoring assessments with patients identified, in accordance with NICE Guidelines
- Agree a plan in conjunction with the service user (and significant others) and signpost or refer to the local recovery college, mental health hub or other organisations providing Step 2 services such as "Psychological Talking Therapies", or signpost/ refer to step 1 services in the locality
- Co-ordinate and act as liaison between Professionals/Agencies ensuring the patient receives continuity of service
- Work collaboratively with Trust Mental Health teams and the Community and Voluntary sector to ensure effective management of the patient and carers needs
- Plan and implement skilled, evidence-based brief interventions in conjunction with the Service User and significant others as part of the overall package of care
- Provide accurate written and electronic records, reports, statistical data and other associated documentation in accordance with GMS requirements and standards set by professional regulators
- To ensure that all significant events are recorded, reported, reviewed and action taken within the context of the culture of continuous improvement
- Adhere to the provisions contained in the Mental Health (N.I.) Order 1986, other relevant legislation including The Children (NI) Order 1995, and to MDT policies and procedures
- Ensure that practice does not duplicate the work of Trust based primary mental health care teams adhering to clear protocols and referral pathways
- To be actively involved in group modular programs and to demonstrate specialist group work skills to assist in appropriately engaging clients during group sessions

## Education and Development:

The post holder will:

- Lead and/or support in the development, delivery and evaluation of education and learning activities specific to the area of expertise, both internal and external to the federation, as required
- Lead and/or support the development, delivery and evaluation of patient education, working in collaboration with the multidisciplinary team and colleagues as appropriate

# RECRUITMENT PROCESS

## Return of Application Forms

Application forms can be completed and returned via email to [hr@northernfsu.co.uk](mailto:hr@northernfsu.co.uk)

Application forms must be submitted by the stated closing date and time. **Late applications will not be accepted.**

### Please note:

- It is your responsibility to check that your application has been submitted successfully. GP Federations are not responsible for any technical problems you may experience and is not obliged to accept a late application from you in these circumstances.
- Additional information may not be included on your application after the closing date/time.

## Interview Outcome

Following the interview:

You will be notified that: (1) you have been successful at interview and will be placed on the Federations waiting list OR (2) you have been unsuccessful at interview.

## References

References will be sought for all successful candidates at job offer stage. Referees will be given one week to respond. References not received within this time will delay your final outcome notification being sent.

## Reserve List

Following interviews, a reserve list may be compiled for future same or similar vacancies arising. The reserve list will normally be held for **12 months**.

# PRE-EMPLOYMENT CHECKS

The following pre-employment checks will be carried out prior to appointing someone to a post:

## References

All appointments are subject to two satisfactory references being received. Please be specific when providing addresses/contact details for your referees. One of your references must have knowledge of your present work/or most recent employment & be in a supervisory/managerial capacity. Both referees should be from an employment background.

## Professional Registration/Qualification Checks/Verification of Identity

Human Resources will carry out checks to confirm professional registration and any qualifications which are listed as essential in the Personnel Specification. You will also be required to produce original documents to verify your identity, one of which must be photographic identification.

Proof of qualifications and/or professional registration will be required if an offer of employment is made. The successful candidate will be required to produce documentary evidence that they are legally entitled to live and work in the UK e.g., Passport/travel documents. Failure to do so will result in the offer being withdrawn.

## Health Assessment

Appointments may be subject to assessment by the Occupational Health service.

## Criminal Records Checks

As part of the Recruitment and Selection process it will be necessary to carry out an Enhanced Disclosure Check through Access NI before any appointment to this post can be confirmed.

The above checks must be completed before a final offer of employment is made. A criminal record will not necessarily be a bar to obtaining a position.

The GP Federation Support Unit has a policy on the recruitment of ex-offenders and a policy on the secure handling, use, storage, and retention of disclosure information. Both policies are available to all applicants on request. Please contact [hr@northernfsu.co.uk](mailto:hr@northernfsu.co.uk).

The GP Federation Support Unit adheres to the AccessNI Code of Practice, please see:

<https://www.nidirect.gov.uk/publications/accessnicode-practice>.

## TIPS FOR COMPLETING & SUBMITTING YOUR APPLICATION FORM

All sections of the application form must be completed in full. Please note shortlisting will be carried out based on the criteria set out in the Personnel Specification, using solely the information you provide on the application form. Therefore, you must ensure that your application form clearly indicates how you meet the criteria stated in the Personnel Specification, as failure to do so may result in you not being shortlisted.

For example, be specific about dates of employment; qualification subjects and levels (including any sub-parts); and number, expiry date and nature of professional registration (including part/branch of the register as appropriate).

Repeat information (if applicable) across questions – do not presume that if you have mentioned something in one question it crosses across all questions. Each criterion is marked separately.

Please note that essential and where relevant, desirable criteria may be used at shortlisting. Applicants should therefore make it clear on their application form whether or not they meet the desirable criteria, as per the Personnel Specification. Failure to do so may result in you not being shortlisted.

### Candidates with a Disability

GP Federations are committed to ensuring that applicants with a disability have equality of opportunity and are considered solely on their merits. Therefore, if you require any assistance/reasonable adjustments during the recruitment process, please give details on your application form in the relevant section. If you would like to speak to someone about reasonable adjustments, please contact Cathy Christie, Human Resources Officer, by email at [cathy.christie@northernfsu.co.uk](mailto:cathy.christie@northernfsu.co.uk).
